

OBX Homebrewers
Oyster Roast Thursday November 7 2019

OBX Homebrewers first oyster roast was a success! All oyster gone by end! Thanks Darrell for arranging oysters and was glad you could stop by last night. Thanks George for the pool deck and tables. We raised so far \$145 for the OBCC Ocracoke Disaster Relief Fund. Let me know anyone else wanting to donate. I will be bringing by our donation from club next week sometime.

Great oysters and sides last night. Thanks Geof for the cole slaw! We need that recipe.. We had some good homebrew samples to wash down the oysters. Dave also gave us some education on how to store and serve carbonated home brew in 2 liter plastic soda bottles. Great idea and another use for those plastic containers, plus brew was good as well. There was talk last night of getting together at a members house for a brew day in the next few weeks. Will forward or another will forward out the details if happening! Good idea to spread some ideas around and educate, plus have fun!

I am confirming a date with Jack Brown's in KDH for our club Christmas meeting. Sometime first two weeks in December. Will provide details on that when we get a date/time set. Homebrew samples are allowed, so bring in those holiday homebrews.

Remember our next club contest at our January 2 meeting. So get brewing! Either BJCP category # 20 or #25 and any sub category of those 2. I will need entries to me by 12/23. One entry per member and only one bottle needed. Bill Moreland a BJCP certified judge will be scoring using BJCP score sheets over the Christmas holiday and then presenting to us at January 2 meeting his scores and over all results of contest.

Cheers! Blake
